Winter 2014

## HTST 493.39 L02 – Special Topics in History: History of Medicine and Health Care II

Mondays –12:30 –1:20 pm  
Clara Christie Theatre (Health Sciences Centre) and  
Thursdays –5:30 to 7:20 pm  
Health Sciences G500

This course is a survey of the history of medicine and health care, particularly in Western societies (Europe and North America), from antiquity to the present. Its general organization focuses on major topics rather than being chronologically based.

For more information about this course, please visit the History of Medicine and Health Care program at <http://www.hom.ucalgary.ca/>. If you want to register for this course, please go to our website at <http://hist.ucalgary.ca/>, call 220-6401 or call 210-9640. Please give us also your name/ contact details for the waiting list.
